**EDUCATION, TRAINING AND
WORK EXPERIENCE**

On 27/10/1993 it obtained a Postgraduate Diploma in Pediatrics getting full marks with honors, discussing the thesis entitled "Clinical Applications of Indirect Calorimetry in patients with cystic fibrosis and Anorexia Nervosa" held at the Division of Gastroenterologia 'Hospital "Baby Jesus" under the direction of Dr. M. Castro.

¶ 11/3/1989 graduated in Medicine and Surgery at the Faculty of Rome "La Sapienza" with 110/110 with honors discussing the thesis entitled "Role of the 6-keto-PGF 2 α in celiac disease", held at the First Pediatric Clinic of the Policlinico "Umberto I" in Rome under the direction of Prof. Carlo Imperato.

¶ Head of research line for the current 2008-2010 Scientific Director entitled: "Evaluation of the non-invasive to the pediatric gastrointestinal disease" Code 200702R002125

¶ Since 2008 consultant for the UO Gastroenterology and Nutrition for Rare Diseases at the Public Health Agency.

¶ In 2008 follows the post of Professor of Pediatrics and Neonatology (30-hour course) at the Faculty of Nursing of "Tor Vergata" in the presidium of the Hospital "San Giovanni Battista"

¶ Since 2007 identified by the Health Department of the Doctors with high potential (MAPI) Hospital "Baby Jesus", which continues to perform periodic stages in the Division of Artificial Nutrition and Gastroenterologia Hospital "Necker Enfants Malades", with the objective to deepen the organizational and medical related to transplants of intestine.

¶ In 2005 he obtained a post-graduate master in Artificial Nutrition at the Faculty of Medicine "Paris 5 René Descartes" a thesis entitled: "densité minérale osseuse chez adolescentes atteintes anorexie of mind" of which the rapporteur Dr. Virginie Colomb of the Division of Artificial Nutrition and Gastroenterologia Hospital "Necker Enfants Malades".

¶ As of July of 2004 he began attending regularly, the Division of Artificial Nutrition and Gastroenterologia Hospital "Necker Enfants Malades" in Paris, with the aim of deepening the knowledge of the management and insufficient intestinal transplant of intestines, of which the center is one of the largest international references.

¶ Since August 2001 it was taken indefinitely in the Division of Gastroenterology.

¶ Currently Head of Unit of Artificial Nutrition Hospital "Bambino Gesù", with direct management of Lactarium, Bank of human milk, of Dietetics Service and the Regional Center of the pediatric Lazio Region for Artificial Nutrition

CAPACITÀ E COMPETENZE

PERSONALI

Acquisite nel corso della vita e della carriera ma non necessariamente riconosciute da certificati e diplomi ufficiali.

MOTHER TONGUE

Italian

OTHER LANGUAGES

English and Frenche

- Reading ability
- Writing skills

SOCIAL SKILLS AND COMPETENCES

Ability to teamwork, also favored by the frequency at hospitals abroad (Paris)

COLLABORATIONS WITH SCIENTIFIC JOURNAL and SOCIETIES

▮ Referee for World Journal of Pediatrics

▮ Member of the Editorial Board of Expert Review of Clinical Immunology

▮ Orphanet Journal Editorial Board Member

Member of the following Scientific Societies

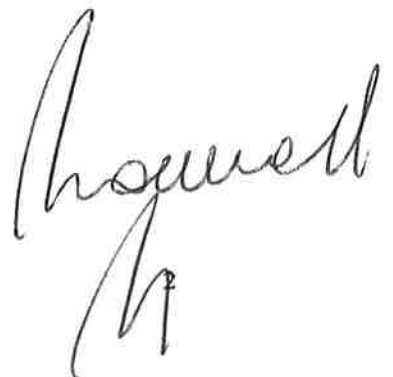

▮ Italian Pediatric Society (SIP)

▮ Italian Society of Gastroenterology, Hepatology and Pediatric Nutrition (SIGENP)

▮ Italian Society of Parenteral and Enteral Nutrition (SINPE)

▮ From 2011 to 2013 Coordinator of the Nutrition Area of SIGENP

▮ In 2014 an active member of the Executive Council of SIGENP

2015
