

## CURRICULUM VITAE

### PERSONAL INFORMATION

Name	<b>Potito Rosario Scalzulli</b>
Address	C.da Pozzo Cavo Strada 1 n.11
Phone #	+39 0882 451762
Mobile Phone #	+39 338 9255496
E-mail	p.scalzulli@operapadrepio.it
Nationality	Italian
Date of birth	30.08.1959

### EDUCATION

Degree in Medicine - University of Naples "Federico II" (Italy)

Residency in Hematology – Second University of Naples (Italy)

### WORK EXPERIENCES

From 2002 up to date Department of Haematology - Casa Sollievo della Sofferenza IRCCS Hospital (San Giovanni Rotondo – Italy)

- From 2007 co-investigator in the European Exsels (Evaluation of Xagrid Efficacy and Long-term Safety SPD422-401) protocol and the National ZEUS protocol in the use of Zevalin in Follicular Lymphomas.
- From 2006 Board Member of the Auto transplantation Protocol in the GITMO (Italian Group of Bone Marrow Transplant) and in the Southern Italian Haematological Group.
- From 2004 Expert Member in the RIT (Italian Register of Thrombocythemias) of the therapy with Anagrelide in Essential Thrombocythemias (Director Prof.L.Gugliotta).
- In 2003 Stage c/o CBA (Advanced Biotechnology Centre) Laboratory in San Martino Hospital of Genoa (Italy) with Prof. Ranieri Cancella - study of the plasticity and osteogenesis and chondrogenesis for orthopedical applications.
- Spokesman in various congresses on Peripheral and Marrow Staminal Cells Auto transplant and on the therapy of Chronic Myeloproliferative Syndromes.
- Author of Scientific Articles on Haematology and Nephrology (Lancet, Blood, etc.)

From 1994 to 2002 Department of Haematology - Casa Sollievo della Sofferenza IRCCS Hospital (San Giovanni Rotondo – Italy)

From 2001 organization and application of clinical procedures in the Mobilisation and Auto transplant of Marrow and Peripheral Staminal Cells.

From 1992 to 1994 Stage c/o Department of Haematology - Laboratory of Cell Cultures - University of Naples "Federico II" (Italy)

Biology and Expansion of Haemopoietic Staminal Cells in patients with Mieloproliferative Syndromes and Haemopoietic Displasias.

From 1991 to 1994 Internship c/o Department of Haematology - Casa Sollievo della Sofferenza IRCCS Hospital (San Giovanni Rotondo - Italy)

Organization of the *in vitro* Cell Culture Laboratory for the study of haemapoietic progenitors and clinical application of transplant procedures (evaluation of *in vitro* clonogenic potential of peripheral and marrow staminal cells).

#### PERSONAL DETAILS

##### MOTHER TONGUE

ITALIAN

##### OTHER LANGUAGES

ENGLISH - good  
FRENCH - good

##### ORGANIZATIONAL SKILLS

Organization and standardization of laboratory methods in cell culture and tissue plasticity.

Organization of periodic scientific events c/o Department of Haematology - Casa Sollievo della Sofferenza IRCCS Hospital (San Giovanni Rotondo - Italy)

##### TECHNICAL SKILLS

OFFICE SW packet (Word, Excel, Powerpoint, Access, Frontpage, Outlook)  
DOS, Windows OS

San Giovanni Rotondo 10.06.2021

  
Patito Rosario Scalzulli
